\* Disponibile anche in versione trasformabile a letto, senza modifiche nell'estetica.

\* Also available in the bed version, without aesthetic changes.

## Nozioni\_tecniche

La produzione di ogni articolo originale delle collezioni PIGOLI è caratterizzata dai più alti standard qualitativi, tipici della migliore lavorazione artigianale che prevede l'impiego esclusivo di materie prime selezionate, garantite nell'affidabilità tecnologica per assicurarne una lunga durata nel tempo.

Ecco le più importanti caratteristiche, riscontrabili in ogni modello:

- Struttura portante in legno massello
- Molleggio a molle biconiche in acciaio e cinghie elastiche di supporto e tenuta indeformabili
- Imbottitura di sostegno interne e braccioli in poliuretano a quote e densità differenziate
- Cuscini schienale e seduta dotati di fodera bianca in cotone 100% e imbottitura a settori separati in piuma naturale, con inserto di sostegno in poliuretano oppure in poliuretano indeformabile a quote differenziate. La piuma utilizzata è garantita da Assopiuma.
- Ampia scelta di rivestimenti in tessuto o pelle disponibili a piacere nel ricco campionario o, eventualmente, con materiali forniti dal cliente.

**Technical specifications.** Any original product processing by PIGOLI complies with the highest possible quality standards, unique and typical of any traditional handicraft processing technique: only exclusively selected raw materials are used, guaranteed by a consistent technological reliability, to last in time.

**The leading features in any model mainly are:**

- A self-standing solid wood structure
- Biconical steel springs and supporting and tight belts, which keep their shape in time
- Internal upholstery and polyurethane foam arms in different thickness and density
- Back and seat cushions covered with a 100% white cotton lining. Natural down with separate section padding with supporting insert in polyurethane foam or in shape-retaining multi-density polyurethane foam. Down guaranteed by Assopiuma.
- A wide range of fabric or leather covering, in the many materials available in the company collection or possibly any customer own material.
